

JANITOR HEAR TO LARGE FORTUNE

Sister Dies Near Indianapolis, Leaving Him Two Fine Farms.

ONLY ONE OF FAMILY LEFT

Split Switch Throws Outgoing Southern Passenger Train. Engineer Hurt.

(Special to The Times-Dispatch.)

WINSTON-SALEM, N. C., December 12. Mr. John Poe, janitor at the courthouse here, is in receipt of letters from Sheriff Smith and the clerk of court of Hamilton county, Indiana, stating that he has fallen heir to property in that State worth many thousands of dollars. Mr. Poe says the estate was left him by his sister, Mrs. Nancy Davis, who recently died. Her husband died four years ago, leaving all of his property to his wife. There were no children. Mr. Poe states that he is the only member of a family of seven children living. Mr. Davis was a Quaker and was married in Hamilton county, Indiana. He was an old bachelor at the time of his marriage. He attended one of the Friends' yearly meetings at New Garden (now Guilford College), this State, thirty years ago, and on this occasion met Mrs. Nancy Poe. The acquaintance ripened into love, and a marriage followed a year or two later.

Janitor Poe is advised that two farms left him are located about twelve miles from the city of Indianapolis. He has not definitely decided yet what disposition he will make of his big estate. The outgoing passenger train to Greensboro came near being wrecked at the lower end of the Southern yard this evening. A switch split when the engine struck it, derailing the engine and two cars. Engineer E. E. Harris was painfully injured, and was unable to make the run to Greensboro. His fireman was also slightly hurt. Passengers received a very shaky ride. A special was made up, leaving here about an hour late.

TWO DAYS A BRIDE.

R. H. M. Paschall Dies Suddenly Two Days After Marriage.

(Special to The Times-Dispatch.) WISE, N. C., Dec. 13.—Mr. R. H. M. Paschall, an ex-Confederate soldier, aged sixty-eight, died at the home of his bride this morning suddenly. He was married Sunday evening to Miss Hester Perkinson of this place. He leaves several sons and daughters, among them Mr. J. R. Paschall, a prominent merchant of this place. One of his sons is in West Virginia and another in Central America.

Master Mechanic Resigns.

(Special to The Times-Dispatch.) SALESBURY, N. J., Dec. 13.—Captain S. R. Richards, who has been the efficient master mechanic at the Southern Railway shops in Spencer for more than a year, resigned his position today to accept a more responsible one with the New York, New Haven and Hartford Railway. His headquarters will be in Boston. The resignation causes general regret among the many hundreds of rail-roads men here and at Spencer, with whom Captain Richards was justly popular. His successor has not yet been announced.

FULTON NOTES.

The Fulton Mission for the Relief of the Poor of this community is doing a good work during this cold spell. There are more than twenty families which receive food daily from the mission. Hot soup is dispensed daily, which is made by the ladies from the Fulton Baptist Church and the Wesleyan Methodist Episcopal Church. The mission is under the direction of the Rev. David Hepburn, pastor of the Fulton Baptist Church. He founded this institution. Mr. T. C. McKelvie is a former copartner, assisting Mr. Hepburn, and is in charge of the mission daily from 10 A. M. to 4 P. M.

CONVENIENCE TO THE PUBLIC.

Now that the rush of holidays is approaching it is suggested that patrons of the Southern Railway, as far as is convenient for them to do so, purchase their tickets at City Ticket Offices, 920 East Main Street, or 819 East Main Street, thus avoiding the possible rush and confusion at the Depot Ticket Office.

CASTORIA

For Infants and Children. The Kind You Have Always Bought Bears the Signature of *Chas. H. Little.*

IN TIME OF PEACE.

In the first months of the Russo-Japan war we had a striking example of the necessity for preparation and the early venturing of those who go to speak. "Have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by all druggists.

NEVER KISSED WOMAN; SOON TO BE MARRIED

(Special to The Times-Dispatch.) CHILLICOTHE, OHIO, Dec. 13.—The engagement of Professor A. J. Crooks, the well-known professor of geology and mineralogy at the Northwestern University, and Miss Florence Purdin, of this city, has been announced. Miss Purdin is a teacher in the public school and met the professor at a tennis tournament. She is the daughter of Mr. and Mrs. John Purdin. The point of this announcement lies in the fact that Professor Crooks is the man who is believed to have informed his class about three years ago that although he had grown to manhood he had never kissed a woman, smoked or drunk. For six months after this episode he was the center of an upheaval of discussion and when he returned he received hundreds of letters and scores of proposals of marriage.

MONK CLAIMS TO HAVE RAISED DEAD

Father Ignatius, of Anglican Church, Says He Has Performed Miracles.

SILENCE UNDER PROMISE

Spiritual Measter, Dr. Pusey, Prevailed Upon Him Not to Reveal Power.

The New York Herald publishes the following from London:

Father Ignatius, the famous Anglican monk of Llanthony, yesterday reiterated his firm conviction that the days of miracles are not yet past, and that he himself had been the agent of God in their performance, even to the raising of the dead.

This statement, recently published, is contained in his life from the pen of Baroness Betchou, and has occasioned the wildest comment and amazement.

"Do it understood," said Father Ignatius, in an interview, "that I do not claim in any way to have performed miracles of myself. All I say is that several times in my life the spirit of God has taken possession of my whole being and ordered me to heal the sick and raise the dead in the name of our Lord Jesus.

"To me there is nothing wonderful in this. The Apostles worked miracles, not because they themselves had the power, but because the power was given, and power is given ordinarily to the weak and to the foolish, and 'wisdom cometh out of the mouth of babes and sucklings.'

"If I have not spoken of these things before, it is because I have been under promise of silence. Long ago when I first realized that our Lord condescended to use me for works beyond general experience, Dr. Pusey, who was my spiritual father, was greatly troubled, and asked me to keep silence for my own spiritual sake, because he thought that the knowledge of the power given me might cause me to be proud. He was my master—my father confessor—and I loved him, and so I promised him; but now I feel we have fallen upon such days of doubt and evil that it is my duty to give my witness and testimony to these things.

Father Ignatius proceeded to speak of cases in which he claimed to have raised the dead to life and to have given health to the sick.

Independent investigation is being made regarding these claims.

First Monk in Church of England.

Father Ignatius Joseph Seycester Lyne is now sixty-seven years old, and has for thirty-four years been chiefly known in connection with the monastic institution he founded at Slanthy Abbey, in Wales. He is a powerful orator, and his mission preaching has attracted vast crowds. After his ordination for the Church of England, in 1869, he was a curate at Plympton, and in a similar district in the east end of London, under the celebrated Father Lowder, of St. George's. Coming early under the influence of Dr. Pusey, he adopted to the full the principles of the Oxford revival.

These are the days of the Presbyterialism, and in a similar district in the east end of London, under the celebrated Father Lowder, of St. George's. Coming early under the influence of Dr. Pusey, he adopted to the full the principles of the Oxford revival. He remained in the latter part of his life, in communion with the English Church. He has stated that his recreation takes the form of eight services a day in Slanthy Abbey Church.

REORGANIZE FINANCES OF SEABOARD AIR LINE

(By Associated Press.) NEW YORK, December 12.—James A. Blair, head of the banking firm of Blair and Company, and chairman of the Executive Committee of the Seaboard Air Line Railroad, said yesterday that plans were being perfected to reorganize the finances of the Seaboard Air Line Railroad.

In 1902, Blair and Company, Thomas F. Ryan, and Boston interests purchased control of the property from the Williams-Middendorf Baltimore shareholders.

DR. CARTER IS UPHELD BY NASSAU PRESBYTERY

(Special to The Times-Dispatch.) NEW YORK, Dec. 13.—The Rev. Dr. Samuel T. Carter, one of the Presbyterial clergymen who started the movement which led to the revision of the Presbyterian creed in America, yesterday at a meeting in Jamaica, L. I., after he had appeared in defense of a letter he wrote against the Westminster catechism, in which he declared that "scholastic theology is wrong from its base upwards."

MISS DAISY LEITER TO MARRY EARL OF SUFFOLK

(Special to The Times-Dispatch.) CHICAGO, ILL., Dec. 13.—The marriage of Miss Daisy Leiter, youngest daughter of the late John Leiter, to the Earl of Suffolk, is to take place on the afternoon of Tuesday, December 27th, at the Leiter home, in Washington. The bride and groom will sail on December 29th for England.

Major and Mrs. Colin Campbell will not leave Chicago until the latter part of the week, when they will go to Washington to remain until after the wedding, and may sail at the same time. Miss Leiter will not return to Chicago before the marriage, but will go at once to Washington to join her mother on her arrival at the home in that city.

Both Miss Leiter and the Earl of Suffolk are present in New York. None of the wedding friends will be to Washington for the marriage service.

GIRL VICTIMS DUCK BUNCO MAN IN ICY CREEK

(Special to The Times-Dispatch.) WASHINGTON, N. J., Dec. 13.—A stranger giving the name of Charles E. Moyer, collected \$2 each from about twenty girls here by representing himself to be an agent for a company manufacturing silk flowers.

He offered the girls employment, but required them to pay for an outfit, which would be sent to them later. Moyer went from here to Oxford and has been working there for several days. Yesterday morning, when Miss Leiter and her sister, Mrs. Moyer, were on the street and demanded a return of their money, Moyer, who was a very robust and fat man, and pulled him to an empty freight car, locked him inside, and then went for help.

In a little while a dozen girls marched in a body to the car, opened it, pulled Moyer out and threw him into the icy waters of the creek near by. After the ducking he ran to a nearby house to thaw out, and then took the first train out of town.

ARE YOU SICK? If so, where? Headache. Dry, hacking cough? "Painful" tongue? Loss of appetite? Lack of energy? Pain in stomach? Bowels? General weakness? These are but a few of the signs of indigestion.

Some others are: Wind in the stomach or bowels; constipation or diarrhoea; pale complexion; spots before the eyes; dizziness; loss of flesh; irritability; sleeplessness; nervousness. All these symptoms will plague and torment you, and will never permanently leave you, unless you suffer from them; only are sure, in time, to get worse, if not treated by the best known scientific method of cure—Stuart's Dyspepsia Tablets.

These curative tablets are composed of ingredients which modern knowledge of the true inward processes of digestion approve of, as forming the best, safest, and most scientific combination of purely medicinal drugs, that can be used to relieve all the conditions of ill-health brought on by this much-dreaded disorder.

A disease so "protein" or changeable in its manifestations, assuming so many forms, characterized by so many different symptoms that, more times than not, it is mistaken for some other disease altogether, and the poor patient may die, or at best allow the seeds of permanent chronic sickness, to germinate and take root in his system.

So it is a real danger we ask you to avoid, when we say: In case of doubt, take Stuart's Dyspepsia Tablets. Even if disordered digestion is not the real cause of your sickness (which, probably though, it is), yet your digestion is nearly certain to be out of order, and if allowed to remain so will seriously complicate your sickness for you.

Stuart's Dyspepsia Tablets, then, will be sure to do you good, and will not interfere with any other medicine you may be taking. They will help to make your food make you strong, and thus, if in no other way, help you back to health by helping your system to throw off disease like a healthy duck shakes water off its back.

Shake off your sickness with Stuart's Dyspepsia Tablets. Some of the receipts taken from were as follows: Creation, \$33,151; Chinese village, \$7,475; Beer War, \$24,186; Moorish palace, \$3,129; Fair Japan, \$20,920; Naval exhibit, \$81,770; Cairo, \$14,500; Cliff dwellers, \$48,525; Hereafter, \$17,200; Battle Abbey, \$35,007; Snowed out, \$17,387; Hat with diamonds, \$17,387; The Chutes, \$17,387; Paris, \$22,438; Under and Village, \$48,211.

A St. Louis special says: The gross amount of receipts from creation at the St. Louis Fair will reach \$1,000,000. This statement was made by one of the figures. Of this sum the National Biscuit Company will receive in the neighborhood of \$250,000 as its percentage. The National Biscuit Company has been figured in the total, although it has not a share in the receipts. It is earned as high as \$100 per day. Other conditions, not on the Pike or its tributary branches, will bring the total gross receipts up to a high figure.
